When God gives you a new beginning, it starts with an ending. It is more like finishing off a chapter before you start a new one. Do not lose your hope when the doors get closed, rather know that they have closed only because new doors are waiting ahead to be opened.

From the Desk of Sheriff Howell

On Tuesday June 24, 2025 Sheriff Michael Howell, Jail Administrator Shelia Thomas and other staff members, escorted two Coosa County inmates to Hatchet Creek to be baptized. The Jail Ministry Team, under the Central Baptist Association, ministers to the Coosa County Inmates weekly. Members of the Jail Ministry Team are Lee and Dana Wilder, Lilly Lynch, Matthew Reams, and Kent and Angel Cooper. Through their faithful dedication to ministering to our inmates, two inmates professed their faith and wished to be baptized. Sheriff Michael Howell, along with the Jail Ministry team, came together to make the baptism possible for these two individuals. Pictured are several members of the Jail Ministry Team, Sheriff Michael Howell, Captain Shelia Thomas and people who were baptized.

Sheriff Michael Howell states, "today was a blessed day. The Jail Ministry Team spends countless hours ministering to inmates in the Coosa County Jail. They share the gospel each week and I'm proud to have them willing to serve in the Coosa County Jail. They are faithful in carrying out the Bible verses. MATTHEW 25:34-40

"Then the King will say to those on his right, 'Come, you who are blessed by my Father; take your inheritance, the kingdom prepared for you since the creation of the world. For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in, I needed clothes and you clothed me, I was sick and you looked after me, I was in prison and you came to visit me.'

"Then the righteous will answer him, 'Lord, when did we see you hungry and feed you, or thirsty and give you something to drink? When did we see you a stranger and invite you in, or needing clothes and clothe you? When did we see you sick or in prison and go to visit you?'

"The King will reply, 'Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.'"

I can not thank them enough for their willingness to serve. I'm very proud of the Jail Ministry Team and I'm both blessed and honored to be able to witness the baptism of two people who gave their heart to the Lord. May God continue to bless them all."

Independence Day

By: Chaplain Matthew Reams

Summer is here and is in full swing. July is a month when we embrace the Birthday of our Nation. As I think about how America went from a few settlers seeking freedom from the bondage of England and how it grew to the most powerful nation on earth, I begin to feel an overwhelming sense of pride to be a part of such an amazing legacy. When our forefathers signed the Declaration of Independence, they did so to declare that they would be freed from the heavy yoke that England wanted to bear in them. I for one am thankful for those who had the courage to stand up for our freedom even when the odds didn't seem to be in their favor. Bondage is something that we would all agree is a horrible thing. Our country has matured greatly in its understanding of how wrong bondage is. What if I told you that many in our country are falling deeper and deeper into bondage. That sounds odd to say about the greatest nation in the world, but it is true. The bondage that I am speaking of is not the same kind of bondage that our forefathers fought against, nor is it the kind of bondage that requires literal shackles and chains. However, I would say that this bondage is even more detrimental to a person than government oppression. It is the bondage of sin. The bondage of sin is the worst kind of bondage, because it has eternal consequences.

Jesus tells us in John 8:34 ***“Truly, truly, I say to you, everyone who practices sin is a slave to sin.”*** That means that when we give into sin, we become a slave to that sin and the longer we are slaves the heavier that burden becomes. Honestly that sounds like horrible news. But God knew that it was our nature to gravitate toward that lifestyle of sin. He knew that if it was left up to us, we would dig our selves deeper and deeper into a pit of sin that we could never escape, and since God is a Just God, He has to punish sin. It wouldn't be justice if God allowed it to go unpunished. He provided a way, through His Son Jesus, so that we could break that yoke of bondage that sin has on our lives. Jesus took the punishment that we deserve for our sin.

Paul declares in Galatians 5:1 that for freedom Christ has set us free; stand firm therefore, and do not submit again to a yoke of slavery. That is something that we can celebrate!! So this Independence Day lets celebrate the birthday of our nation but let's also remember that through Jesus we can be delivered from the bondage of sin in our lives.

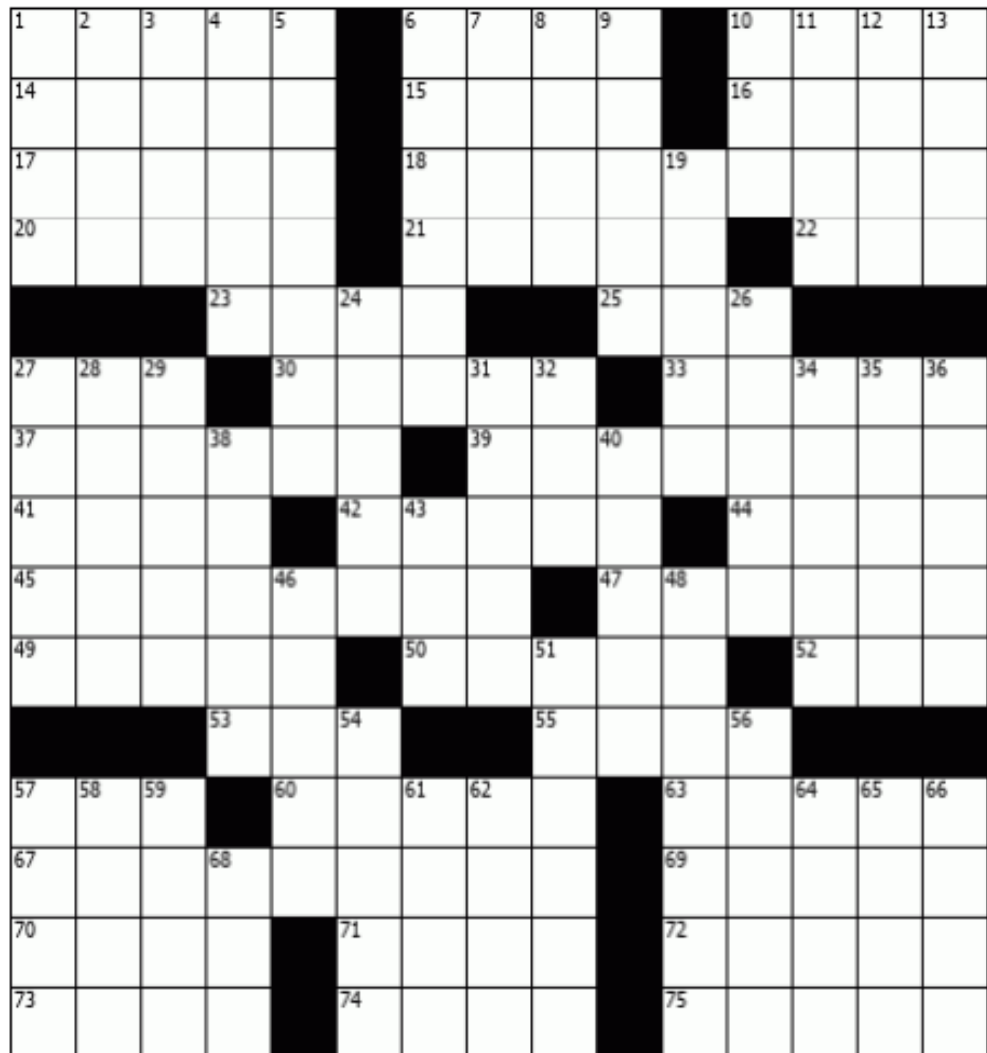

Chaplain Matthew Reams

K9 Rebel

Albuquerque Police Department, New Mexico

End of Watch: Thursday, May 29, 2025

K9 Rebel was shot and killed while apprehending a suspect at 1401 Woodward Road in Albuquerque.

The suspect had fled from a SWAT situation on May 27, 2025, and was tracked to the Comfort Inn. When crisis negotiators attempted to de-escalate the situation, the suspect broke a window and jumped out of his hotel room. K9 Rebel was deployed and successfully apprehended the suspect. But the suspect grabbed Rebel by the neck and used him as a shield from the police while pointing a gun at them. K9 Rebel was struck in the crossfire.

The suspect, a convicted felon released on early parole, was shot and killed during the shootout.

K9 Rebel was transported to a local veterinarian, where he succumbed to his wounds.

K9 Rebel had served with the Albuquerque Police Department for over seven years. He was credited with over 900 deployments.

THE LONGEST JOURNEY OF MY LIFE

By this point in my life, I have been on quite a few journeys. I do love to travel and experience new things. I'm always excited to take off on a new journey and always a little saddened when it's over, but at the same time, I'm always glad to be back home. Recently, some-

one asked me what has been the longest journey I've been on. That is an easy one to answer. Without doubt, it would have to be my journey from Rainsville, Alabama, to Opelika, Alabama. I know, you're thinking how that could be. That trip is only about 165 miles, one way, and can be driven in approximately 3 hours. Nevertheless, it has taken me 438,291 hours to make this trip! I left my beloved Rainsville on June 14, 1975. While we moved to Opelika 18 years ago, it took 50 years to reach last Saturday's destination. The awesome part is that that was simply one leg of the journey and prayerfully, there is still more to come. I began this journey at Broadway Baptist Church, in Rainsville, with my new bride, and we completed this first leg of our journey at Lanier Baptist Church in Lanett.

Fifty years ago, Jean Willis became Jean Willis King. Last Saturday, we celebrated our golden wedding anniversary at Lanier. No, we did not renew our vows. Our original ones still suited us just fine. While we have not been by each other's side every minute of every day or even each day of each year, she has been my traveling companion for half a century now. She has been so much more than simply my companion. She has been and is the love of my life, my soul mate, my best friend ever, the other half of me, and yes, absolutely the better half!

Here's the funny thing, I never actually asked her to marry me. We began dating the summer before her senior year in high school, and I was about to begin my freshman year of college. We dated for two years before we married. Neither of us can actually remember when, but somewhere along the way we began to talk about getting married. Hey, a friend of ours asked his girlfriend if she wanted to get married by asking if they had any need for a sofa his mother had. Both marriages appear to have worked out just fine!

At first, we planned to wait until we had finished our college educations. That was a goal we did not achieve. Oh, we both completed our degrees, three each, but we did so after we were married. We took turns going. One "paid and prayed" while the other one went to school. Actually, we both worked then too. That is simply one example of many when we have supported and helped each other in whatever we were attempting.

I am not going to use my writer's license and tell you that every day has been an easy one. Jean said some days have been long but the years have been short. I will tell you that the years have been more than wonderful, and I thank God for them all!

I also want to thank Lanier Baptist Church, where I now serve as pastor, for hosting our golden celebration. I want to thank our church members, family, and friends, who came to celebrate this milestone with us. I especially want to thank our one-and-only daughter Sara Ashley, for all her hard work and expense in bringing this celebration together. I am truly one blessed man...husband, father, father-in-law, grandparent, etc!

Everyone could use a good laugh!!!

An old man is speeding down the road in his new Ferrari, going 90mph in a 65 zone.

He's flagged down by a cop, but he continues for a minute, before thinking he's too old for this and pulled over.

The officer's shift was about to end, so he told the old man that if he gave him a legitimate reason as to why he was speeding, he'd let him go.

The man says "60 years ago my wife left with a cop. I thought you were bringing her back."

The officer said have a good day sir, drive safely, and walked away.

A husband and wife are speeding down the road and get pulled over. The officer goes up to his window.

The Officer asks, "Do you know how fast you were going?"

The Husband replies, "Uhh, about 60?"

His Wife says "Oh Hun, don't lie! You were pushing 80", so naturally her husband hushes her.

The Officer asks "Sir, are you also aware your brake lights aren't working?"

The Husband replies, "Oh no, I didn't", to which his wife says, "Oh Hun, you were whining about those lights weeks ago!"

The Husband looks at his Wife and mutters at her to shush up.

The Officer then asks, "Do you realize you aren't wearing your seatbelt?"

The Husband replies, "Oh no, I just took it off for a second to take my jacket off."

His wife, lovely as usual looks at her husband and says "Sweetie, You and I both know you hate wearing your seatbelt."

Furious, he looks at his wife and yells "Hush up now! You're getting me in a lot of trouble!"

The officer, concerned, looks to the wife and asks "Is he always this angry?"

The wife replied "Only when he's drunk."

Sheriff Michael Howell and the entire staff at The Coosa County Sheriff's Office would like to wish everyone a very
Happy and safe 4th of July!

NEIGHBORHOOD

Safety Tips *from* Sheriff Michael Howell

Firework Safety

In anticipation of upcoming Independence Day celebrations, we at The Coosa County Sheriff's Office would like to share our top 10 tips for safely handling fireworks this holiday.

1. **Always use fireworks outside and have a bucket of water/hose nearby in case of accidents.**
2. **Designate a safety perimeter.** If you have ground-based fireworks like a fountain, spectating from at least 35 feet away is best. For aerial fireworks, you'll want everyone to move back to a distance of around 150 feet.
3. **Ditch faulty fireworks.** Sometimes fireworks don't go off, but duds always pose a risk. The important thing to know is that you should never try to relight or approach a failed firework. Let duds sit for 5 -10 minutes before you put them in a bucket of water. This can prevent injury from a delayed explosion and disarm the firework permanently so you can safely dispose of it.
4. **Supervise children when they are handling sparklers.** Sparklers burn at about 2,000 degrees Fahrenheit—hot enough to melt some metals. Sparklers can quickly ignite clothing, and children have received severe burns from dropping sparklers on their feet or touching body parts.
5. **Don't forget about your pets!** Fireworks can be extremely stressful for pets, but there are ways to help reduce their fear and anxiety. Keep your pets indoors. Close the curtains or blinds and turn on the TV or radio to provide some distraction. Treat toys filled with their favorite food (frozen pumpkin puree, peanut butter, and apple sauce are good options) may also help keep their minds busy and distract them from the fireworks.
6. **Soak both spent and unused fireworks in water for a few hours before discarding.**
7. **Never place a part of your body directly over a firework or hold a firework in your hand when lighting.** To safely light fireworks, make sure they are secured on the ground away from people and animals and use a stem lighter such as a grill lighter.
8. **Only light one firework at a time.** Lighting multiple fireworks at the same time increases the risk of accidents occurring from the fuse burning faster than designed.
9. **Avoid alcohol consumption when handling or using fireworks.** This should be pretty self-explanatory.
10. **Consider safe alternatives to fireworks such as party poppers, bubbles, silly string, or glow sticks.**

In addition to these tips, follow all manufacturer's guidelines for consumer safety and be sure to consult your state and local laws as private firework usage may be restricted in your area.

Have a safe and wonderful 4th of July!

Barefoot

Summer and time to go barefoot!

Would you describe your feet as one of your best features? Not many would. Some women treat themselves to pedicures and bright colors of nail polish. It does improve the appearance. Yet, feet are designed to carry the weight of the body not to catch the eye of admirers. Most of us are ticklish on the bottom of our feet and very sensitive to touch but feet are

still sturdy enough to take pounding on pavement. Our Creator God thought of every detail. Jesus, Son of God used feet to teaching a valuable lesson on service.

“So He got up from supper, laid aside His robe, took a towel, and tied it around Himself. Next, He poured water into a basin and began to wash His disciples’ feet and to dry them with the towel tied around Him (John 13:4-5 HCSB).”

His disciples were confused; they needed clarification.

“When Jesus had washed their feet and put on His robe, He reclined again and said to them, ‘Do you know what I have done for you? You call Me Teacher and Lord. This is well said, for I am. So if I, your Lord and Teacher, have washed your feet, you also ought to wash one another’s feet. For I have given you an example that you also should do just as I have done for you (John 13:12-15 HCSB).”

Maybe you’re confused too.

Jesus is calling each of us to service.

Any act done for others in His name is special service. It can be as humbling as washing bare feet or routine as offering a cup of water.

Scripture Encouragement

“And whoever gives you a cup of water to drink because of My name, since you belong to the Messiah—I assure you: He will never lose his reward.”

Mark 9:41 HCSB

Programs Offered by...

Coosa County Sheriff's Office

The Yellow Dot Program

The "Yellow Dot" program is designed to assist Alabama citizens and first responders in the event of an automobile crash or other medical emergency involving the participant's vehicle. The program can help save lives during the critical "Golden Hour" by improving communication at a time when accident victims may be unable to communicate for themselves. Pick up a "Yellow Dot" folder here at the Sheriff's Office, have your photo taken and printed.

A "Yellow Dot" decal on the driver's side rear window of a vehicle alerts first responders to check in the glove compartment for the corresponding "Yellow Dot" folder. Having this information following a crash helps first responders positively identify the person, get in touch with family or emergency contacts and ensures that the person's current medications and pre-existing medical conditions are considered when treatment is administered for

Project Lifesaver

Project Lifesaver is a radio transmission system designed to assist law enforcement and rescue agencies in locating lost or missing persons who have been diagnosed with Alzheimer's, Autism, Dementia, or other disorders that may prohibit them from communicating personal information such as who they are or where they live. Project Lifesaver can help provide peace of mind to caregivers. However, it does not replace the need for supervised care.

The transmitter is a small circular radio device on a wristband, approximately the size of a wristwatch. The transmitters and wristbands are worn 24 hours a day, 7 days a week and are difficult to remove without the appropriate tools. If the participant becomes lost or missing, the Sheriff's Office and emergency response services have specialized tracking equipment to help isolate the location of the transmitter the participant is wearing. The search will start from the last known location of the participant and work outward until the transmission signal is obtained. The goal is to determine the location of the signal in a quick, timely manner, minimizing the risk of harm to the loved one.

CCSO is proud to participate, along with the other agencies in Alabama, in this very worthy and worthwhile program; Sheriff Howell says this is another way we will live up to our motto, "To Serve and Protect" and he is

Neighborhood Watch Program

A citizen's involvement program where citizens, in cooperation with their local law enforcement agency, directly participate in the detection and prevention of crime. These citizens keep well informed about their neighborhood and of any suspicious, criminal or dangerous activities that may be occurring. Coosa County has five communities that participate with the CCSO in this program. Their meetings are scheduled every month, the dates and times are indicated.
